Cool cocktails

Funkin is a fantastic new range of fresh fruit purees in a handy, squeezable and resealable packet. Free from artificial colourings and made from 100% – choose from Passion Fruit, Strawberry, White Peach and Liquid dark Chocolate. Why not try the following recipe:

Mocha Funk Martini

35 ml Stolichnaya Vodka
5 ml Kaluha (Mexican coffee liqueur) or Mozart Chocolate Liqueur
15 ml Sirop de Gomme or (1 tsp castor sugar)
35 ml Fresh brewed espresso (Illy or Lavazza)
25 ml Funkin Indulgence Liquid Chocolate

Add all ingredients to a shaker. Shake with loads of ice until very cold. Strain into a coupette or large cocktail (Martini) glass. Garnish with dark chocolate gratings, chocolate powder (in a nice design), or 3 coffee beans in a line.

Notes: This is not a very strong Martini but has a satisfying frothy surface if shaken hard enough.
