

## GET FRUITY!

The packaging does look a bit, er, medical, but inside there's the freshest, purest-tasting fruit purée you could wish for, made from 100 per cent fruit. It's sensational poured over ice cream and fresh fruit, or diluted with some fizzy water for a zippy summer cooler. Choose from passion fruit, raspberry, strawberry, or white peach – which is so intensely, well, peachy, you'll be gasping for a Bellini. Funkin fruit purées, £4.95 for 300g from Selfridges, and from £3.95 at all good food stores.
