NEED 2 KNOW DRINK

Yum didilee yum yum! Funkin are 100% real, fresh fruit purées and are perfect for cocktails, smoothies and desserts. This fantastic and innovative new range of fresh fruit purées are ready to pour in a handy, squeezable, resealable packet. Free from artificial flavourings and 100% fruit. (No really, it is!). Funkin comes in five scrumptious flavours; Passion Fruit, Raspberry, Strawberry, White Peach & Liquid Dark Chocolate. Its revolutionary easy-pour, resealable tetra pack means it has a year's shelf life at room temperature. Once opened, it can be stored in the fridge for up to eight days (but I doubt it'll be in there that long!).

Funkin is available from Harvey Nichols, Selfridges and Waitrose.
